

My 🌍 holidays

In the Easter holidays, I did the NHS camp out. It was very fun, and I felt very happy to be out camping again. I decided to lend Milly one of our walkie talkies so we could chat whilst in our 🏕️. We played 'Truth or dare' and 'hangman' over the walkie talkie which was 😄! I camped in a tent with dad and he snored SO loud! I didn't have the best 😞, but I still enjoyed it because camping is something I ❤️.

We also camped out in our office which was 👍. We watched a 🎥 and ate loads of pringles and 🍷 fingers which was 😊. Also, me and Arlo have a mini air hockey/ table 🏑/ pool table which kept us entertained whilst at the office. I had a great sleep which helped me to enjoy the next day (I personally think the reason I slept well was because I didn't share a 🏕️ with dad!)

We have been keeping very 🏹 during lockdown, me and dad have been getting out on the tandem once a week and we have been riding our 🚲 round the village. The other day, Me and dad went to low row, then to scabba wath bridge on the swale trail, then up Harkerside and along to Grinton on the tandem . It was alright for me because at one point I was at the back just having a gentle stroll. Poor dad though put lots of effort in and was puffing and panting so I decide to join in. The ride was great, we saw some people we knew, and we saw all the cute baby 🐑. Me and mum have been out on our 🚲 up some big hills (the views from the top are and also out running which has also been 👍.

Me and mum have also been very creative during the holidays as well. I made a Picasso face out of cardboard and drew Lauren's 🐑 as a present with chalk. I am very proud of the self-portrait I did; I drew myself with red hair and blue lips. I made the hair fade from dark red to light red which I am very very 😁 about.

We have been catching up with our family on house 🍷. It was interesting (?) trying to teach our great grandparents how to use the app and (luckily) we got there in the end. We also caught up with our friends from Germany it was great talking to them over facetime!

On the last day, I went to the office with dad and helped him with some jobs. He let me make my own spearmint deodorant which was fun, and I helped him label the lavender soap, package a delivery and sorted out the rotating stock thing. I enjoyed it a lot and maybe after lock-down I could become his apprentice?

Overall, I enjoyed the Easter holidays and I am hoping things will return to 🙌 soon.
