

Reeth and Gunnerside Schools – School Sport Grant

September 2017 – July 2018

For the period September 2017 to July 2018 our schools received a total of £30,380 as the school sport grant.

Meeting national curriculum requirements for swimming and water safety	
We are required to report on the number of children in Year 6 who have met the following standards:	
Swim competently, confidently and proficiently over a distance of at least 25 metres	100%
Use a range of strokes effectively	100%
Perform safe self rescue in different water based situations	100%
Has the grant been used to provide activity over and above the national curriculum requirements?	Yes

Sport opportunities offered and sport development projects:	Impact and evaluation:
<p><u>PE Lessons Delivered by Specialist Teachers</u> A PE specialist, working alongside class teachers, teaches 50% of PE lessons. These sessions provide high quality learning experiences for pupils and CPD for classteachers.</p>	<p>Staff feedback and evaluation indicates that input from our PE specialist has a positive impact on the quality of school sport. Staff have been able to develop a range of new ideas and approaches, broadening their expertise.</p> <p>Pupil feedback has been positive too: “I like the structure in his lessons and there are different activities.” “He has helped me understand pacing.” “He gives top tips to help us learn.” “He teaches us the rules of different sports and gives clear explanations.”</p>
<p><u>Lunchtime and After-School Sports</u> We offer a comprehensive range of free after school sports. A PE specialist leads one session per week, with content adapted to prepare pupils for competitive events. Sports include hockey, tennis, netball, basketball, rounders, gymnastics and athletics. Pupils have requested ‘PE at break times’; our sports specialist leads lunchtime activities each Friday in response to this. The school staff team also lead lunchtime clubs and after school sport. For example: <u>Mountain bike club</u> is offered to Year 5 and 6 pupils each week throughout the summer term. We have a fleet of bikes and a bike trailer to transport them, purchased with Sport Premium funding in recent years. This is a good example of sustainable use of the grant. <u>Fell running club</u>, offered to Year 4, 5 and 6, in the first half of the autumn term. We will utilise and explore the fantastic network of local tracks, path and bridleways each week. <u>Whole school relay</u>, planned for the first time this year. Teams will race from Gunnerside School to Reeth School, covering approximately 6 miles of the</p>	<p>90% of KS2 pupils took part in after school sports provision in 2017 – 2018, with many pupils taking part in several clubs over the course of the year.</p> <p>Pupil feedback includes: “I’ve really enjoyed the sports clubs with Mr Windwood.” “Fell running and mountain biking was the best.” Badminton was my favourite because we got to play with different people.” “I really enjoyed boxing / skipping and mountain biking.” “I really like archery.” “Riding off road in mountain biking was really good.” “I enjoyed the games in badminton.”</p> <p>There’s been a positive impact beyond school too: “My mum enjoys swimming and comes swimming with me.” “We went biking as a family from Reeth to Keld.” “Now I go running with my dad.”</p>

<p>route of the Swaledale Marathon. Pupils from all year groups will be invited to join us, running along with their parents.</p>	
<p><u>Cluster Events</u> We continue to work with the Wensleydale Cluster to create a package of competitive sporting events. Following evaluation of previous provision, we have chosen to take full ownership of these events, with each planned, organised and in some cases, implemented by one of the cluster schools. We believe that by working in this way we will achieve the highest standard of competitive experience. Events planned for 2017 – 2018 include football, tag rugby, netball, skipping, dance, swimming, cross country, hockey, tennis, multi-sports, athletics and cricket.</p>	<p>All headteachers in the Wensleydale cluster agree that the provision has improved, following the changes implemented this year.</p> <p>Furthermore, school staff that have led cluster events have gained additional experience. By organising and refereeing competitive events, they have become increasingly confident as PE teachers.</p>
<p><u>Swimming</u> We provide a need-based programme of school swimming that targets KS1 pupils with follow up sessions for older pupils to ensure that they achieve the National Curriculum expectations. School pays for swimming lessons, with contributions from parents. In some cases, Sports Premium is used to provide additional bespoke tuition to enable pupils to meet the required standard. We also hold an annual swimming gala, that provides an opportunity for competitive sport and allows on-going monitoring of swimming ability. In the year ahead, we plan to use Sport Premium to fund additional family swim sessions and swimming lessons.</p>	<p>Our core swimming programme, complimented with additional lessons for specific pupils and an end of Y6 swimming programme to teach more advanced skills enabled 100% of the Y6 to meet the standards.</p> <p>“I’ve improved my strokes and I’ve learnt better techniques.”</p> <p>“I feel more confident in the water.”</p> <p>“I learnt the technique of ‘sculling water’ to keep me afloat.”</p> <p>28 families have used the swimming vouchers from school.</p>
<p><u>Outdoor Education</u> We really value outdoor education. It offers challenge for all pupils, boosts self-esteem, and develops children’s ability to work effectively with others. Pupils really value the opportunity to explore and learn in the outdoors. We aim to initiate a lifelong interest in sport and recognise the popularity of outdoor and adventurous activities across all age groups, particularly in this area with the opportunities available.</p> <p>Over recent years, supported by the Sports Premium grant, we have developed a programme that provides progressive experiences that begin in Year 1. Each year, KS1 pupils complete a series of day visits at Marrick Priory Outdoor Education Centre. Every two years, Year 3/4 pupils visit East Barnby Outdoor Education Centre and Year 5/6 pupils spend a week at High Borrans Outdoor Education Centre in the Lake District. In between these residential experiences, all KS2 pupils complete day visits at Marrick Priory Outdoor Education Centre.</p> <p>In 2017 – 2018, we have planned day visits to Marrick Priory for all pupils in Year 1 to Year 6.</p>	<p>Pupil feedback:</p> <p>“I pushed myself even when I was scared on the high ropes and zip wire. I did something I didn’t think I could do.”</p> <p>“I learnt not to doubt myself and have confidence.”</p> <p>“I did the leap of faith; it was scary at the top but I did it.”</p> <p>“I was scared on the tunnels but I just kept going and I could do it.”</p>
<p><u>School Hall Refurbishment</u> In the year ahead we plan to enhance the space available in Reeth School hall for use as a PE facility. A number of improvements have been identified that</p>	<p>The refurbished hall offers a significantly improved space for PE lessons. It is more spacious and is safer too.</p>

will increase the usable space and the type of activity that will be possible.

Ensuring Sustainability

We continue to plan, use and evaluate our use of Sport Premium funding with a view to sustainability and the legacy of any project. Examples of this approach include:

- Training school staff and investing in equipment so that we can offer high quality sporting experiences that then continue for years to come, with minimal additional cost. Examples include badminton, boxing and mountain bike clubs.
- Changing use of specialist sport teaching to ensure that staff are increasingly able to deliver PE and school sport at the highest level.
