

English

In English we will be reading lots of stories about castles, dragons and knights. We will read *George and the Dragon* by Chris Wormell and create our own newspaper reports based on the story. We will write our own poems inspired by the book *Dragon Poems* (John Foster).

Maths

In maths we will be exploring multiplication and division. We will use models and images such as arrays to solve multiplication and division problems. We will move onto place value, exploring the value of each digit in a number to 100.

Science

We will be finding out about plants. Identifying common plants and trees in our local environment and learning about what plants need to grow well.

Second Half Summer Term 2024

KS1

Our Project:
Castles

History

We will find out about kings and queens from William the Conqueror to Elizabeth II. We will take part in our class trip to Bolton castle where we will meet Mary Queen of Scots and learn to dance a Pavane in the Great Chamber. We will practise our calligraphy skills and make plague bags.

Art

This half term we will be creating a meadow collage for the Reeth Show art competition. We will also be exploring the artwork of Henry Rousseau.

Religious Education

We will continue to think about Holy books and what they can teach us. We will learn about special books from different religions such as the Bible, the Torah and the Quran.

Physical Education

This half term we will focus on developing our athletics skills. We will practise different jumps, throwing a javelin and discus and improve our speed when running races. We will also take part in sports day.

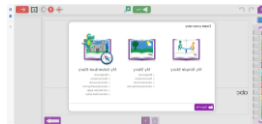

Music

In music we will explore elements, looking at pitch and rhythm of well-known songs and rhymes. We will also compose our own musical pieces.

Computing

This half term we will be creating animated story books using Purple Mash software.

Personal, Social, Health and Economic Education

This half term we will focus on 'Moving On', preparing for the end of the school year and moving onto our next chapter of learning.

Helping at home

It would be fantastic to see everyone celebrated on our class reading tree. Try to read 4 times at home each week.

Don't forget to practise your maths targets at the front of your purple home school link books.
