English

In English we will be reading lots of stories about the sea and coasts such as *The Lighthouse Keeper's Lunch* by Ronda Armitage, *Flotsam* by David Wiesner and *The Storm Whale* by Benji Davies.

Maths

In maths we will be exploring multiplication and division. We will use models and images such as arrays to solve multiplication and division problems. We will move onto addition and subtraction problem solving activities.

Science

We will be finding out about 'Living things and their habitats'. We will understand what it means to be alive. We will explore different habitats with a focus on the coast.

Second Half Summer Term 2025

Year - KS1

Our Project: Coast

Geography

We will find out about coasts. We will explore the physical and human features of the coast using maps and aerial photographs. We are really excited to visit Saltburn to find out about a local coastal area.

DT

This half term we are focusing on food. We will be finding out about healthy foods and working towards making our own healthy picnic as part of our work on *The Lighthouse Keeper's Lunch* story.

Religious Education

This half term we will be thinking about 'Who is Christian and what do they believe?' We will read lots of stories from the bible, explore what we would see in a church and find out more about Christian celebrations.

Physical Education

This half term we are very lucky to be working with coaches from ML Sports to focus on our athletics skills. We will practise different jumps, relay races, hurdles and throwing skills using a discus and javelin.

Music

In music we will explore elements, looking at pitch and rhythm of well-known songs and rhymes. We will also compose our own musical pieces.

Computing

We will develop our Information Technology skills. We will use Microsoft Word to record our work and pretend to be documentary presenters using microphones to complete interviews.

Personal, Social, Health and Economic Education

This half term we will focus on 'Moving On' preparing for the end of the school year and moving onto our next chapter of learning.

Helping at home

It would be fantastic to see everyone celebrated on our class reading tree. Try to read 4 times at home each week.

Don't forget to practise your maths targets at the front of your purple home school links books.
